

“ ...YOU SHALL BE TO ME A
KINGDOM OF PRIESTS
AND A HOLY NATION. ”
EXODUS 19:6

A strategy that sets us free....

We desperately needed a strategy that would set us free, so that *every believer* can become a *Priest*. And this is what we found in *Disciple-Making Movements*. Using the strategy Jesus gave us in *Luke 10*, coupled with the *Discovery Bible Study*, we are seeing how “*ordinary people*” are advancing the Kingdom of God.

As people are being discipled, they themselves become the next generation of disciple-makers.

We thank the Lord for His wisdom in giving us this liberating strategy. What a joy it is to see Him raising up His *Kingdom of Priests*!

May you share in our joy and thanksgiving as you read all about it in this month's Newsletter.

A Kingdom of Priests in KZN

Not long ago, this group of ladies in Gingindlovu, Kwa-Zulu Natal was introduced to Disciple-Making Movements by another teammate and immediately they grasped the value of it and started making disciples in this way.

This has led to the multiplication of disciple-makers as those they have discipled have become disciple-makers, in some places even going into the third generation of disciples, who makes disciples.

One of them shared with us how in the past years, all the people in her street have become followers of Jesus.

“Discovery Bible Study has become our lifestyle” another one mentioned.

And the Lord is using it to transform people’s lives and communities.

A Kingdom of Priests in Malawi

Brother James and Erick are both Malawian disciple-makers affiliated with Disciples Go Ministries and both of them are seeing how disciple-makers are multiplying.

Brother James have started Discovery Bible Study groups with people coming from a Muslim background. Not only have these people become *followers* of Jesus, through this disciple-making process, the Lord has made them to also become *fishers of men*.

As they themselves have established Discovery Bible Study groups with other people and are seeing these people now also doing the same.

Disciple-makers being *multiplied* into the *third generation*, in other words a “*Kingdom of Priests*” is what we are witnessing!

In one of his Discovery Bible Study groups, Brother Erick have seen the Spirit of God working through the Word of God to *renew the minds* of the people in such a way, that they now live self-sacrificial lives in order to serve their neighbours and their communities, all for the sake of advancing His Kingdom.

All night *prayer and fasting* have become a custom in this group and the focus is not their own needs anymore, but the *salvation of the lost*!

A Kingdom of Priests in Zambia and Uganda

In the two photos we see Paul (Zambia) and Esther (Uganda). Both of them are also *third generation disciple-makers*, being discipled by disciple-makers, who we had the privilege of training and now they themselves are discipling others.

Esther is discipling a lot of people who comes from a Muslim background. She lives a *life of grace* that *attracts* people, so that they come to her with their *problems* and in the process they find *the Lord*!

What a wonderful privilege it is to be part of this movement where disciples, make disciples, who make disciples...

"This is to my Father's glory, that you bear *much fruit*, showing yourselves to be my *disciples*."
(John 15:8)

Because of the
simplicity of the
strategy, it is able
to *reproduce*.

"The world does not
need more *converts*, it
needs more *disciples*
who can *reproduce*".

(Mike Burnard)

Still in Uganda – The King working with His priests

Brother James is a Church-leader in Uganda who came in contact with us through the DGM website. He was searching for an institution who can train him and his people on how to fulfil the Great Commission.

Thanks to the internet we could start teaching them almost immediately and as soon as they were introduced to *Disciple-Making Movements*, they became practitioners themselves.

The past week brother James went on a mission trip to a different community in Uganda to search for *people of peace*.

He saw how the harvest truly is plentiful and how the Lord went before him to prepare people for him in advance.

Signs and wonders accompanied the sharing of the gospel which gave lost people the opportunity to see how near God's Kingdom have come to them.

This led to people coming to repentance and being baptized in the Name of Jesus as well as the establishment of two *Discovery Bible Study groups*, where new believers will now be able to grow in Christ and become disciple-makers themselves.

What a privilege to be part of the *Third World Revival*

The past month I was privileged to go to Back to the Bible Mission in Barberton. A very special place where students from across the continent gather to study theology. There I attended a training conducted by Dr. Ed Gross on the “*Three World Revivals*”.

It was interesting to note that there have only been three revivals across the centuries which had a global impact. And even more astonishing was the fact that *Disciple-making Movements* is one of them...

What a privilege it is to be part of what God is doing in reaching the nations! As the students received training in Disciple-Making Movements, an opportunity arose to start a Discovery Bible Study with a group of students, which has since grown in attendees.

May they all find People of Peace ASAP!

May disciple-makers be multiplied!

Our goal is to mobilize more disciple-makers and support these disciple-makers in their disciple-making efforts.

We support them in the following ways:

1. With *transport fees* to and from receptive areas for the sake of making disciples.
2. With their *mercy ministry*-efforts in order to gain access into closed communities.
3. To help them support their own *needy families* while they are away on disciple-making mission.
4. To support them in *crisis or emergency*.
5. To support them in setting up *disciple-making training centres* in their areas.

If you would like to help us support them in these ways, here is our banking details:
